AWA MODULA W-250-ST ORDER

We have recently received an order for two machines from our joint venture, SEAS SISTEMAS DE AGUA S. DE R.L. DE CV.

The **FIRST** machine, an AWA MODULA W-250-ST will be used in a naval port in Puerto dos Bocas, Tabasco, Mexico. The machine will provide a solution for bottling and packaging the water created through the air to water process. Our AWA MODULA W-250-ST will replace the current reverse Osmosis system utilized in the naval port.

More about Puerto Dos Bocas:

Dos Bocas is a petroleum, industrial, commercial and international port, located in the Mexican state of Tabasco. It is one of the most important oil ports of Mexico for their cargo volumes and the number of vessels.

AWA MODULA HWAC-250-ST ORDER

The **SECOND** machine, an AWA MODULA HWAC-250-ST will be the focus of a study by the University of Villahermosa in Tabasco, Mexico. The project is entitled "SERNAPAM".

More about SERNAPAM:

SERNAPAM is a government project of the state of Tabasco, Mexico. SERNAPAM's objective is to promote, conduct, implement, disseminate and evaluate policies, programs, actions, sectorial and state strategies for sustainable development and environmental protection in the State as well as to cooperate with the energy sector.

SEAS SISTEMAS DE AGUA S. DE R.L. DE CV.

We have finally founded, in collaboration with EcoServs, our joint venture in Mexico called **SEAS SISTEMAS DE AGUA S. DE R.L. DE CV**, the office is located in Villhermosa, in the region of Tabasco.

IWS – ABU DHABI, INTERNATIONAL WATER SUMMIT

SEAS participated in the third edition of the International Water Summit held in Abu Dhabi from January the 19th to January the 21st 2015. Our exhibit was a huge success for SEAS with a total of 59 potential customers participating in individual SEAS presentations.

We have found a total of 5 potential distributors and/or agents.

More about IWS:

The International Water Summit is a unique global platform for promoting water sustainability in arid regions. It's hosted by Masdar and is part of The Abu Dhabi Sustainability week.
